COAL PRODUCTION INCREASES; SOME MINERS HOLD OFF

Local Unions In West Want Clearer Understanding of Agreement.

NORMAL OUTPUT PREDICTED BY FIRST OF NEXT WEEK

Milder Weather Over Whole Country Relieves Situation.

Chicago, Dec. 12.—General increase in production of bituminous coal today was indicated by reports from nearly all coal fields.

In a few sections, principally Illinois, where some of the workers were in rebellion against terms of President Wilson's proposal, acceptance of which halted the strike, and in Montana, Washington and Wyoming the miners indicated they desired a more thorough understanding of the plans.

Other instances of deferred resumption of production were expected in the Pittsburgh district where union leaders continued officially to notify miners to return to work and in West Virginia, where new trouble was encountered because of the old question of the "check off" system, but the situation generally was regarded with optimism. There were many predictions of a return to normal output by early next week.

In addition to permission to retail stores to operate nine hours Saturdays no further immediate relaxation of the strict fuel conservation measures was prospect today. That modification was made because of the near approach of the holiday season.

Except in the Pacific northwest, most of the country today was relieved of the severe weather that lasted for two days. Coupled with a coal shortage, almost unprecedented snows and unseasonably low temperatures still caused suffering and disruption of train and wire service in Washington, Oregon, northern California, northern Idaho and Montana.

Another cold wave was reported forming in the northwest and moving eastward. Most sections are now fortified against it by renewal of coal supplies it was believed, however.

In the great central competitive field, where there was little or no output yesterday, an overwhelming sentiment in favor of a quick return to work was indicated in reports and statements of union leaders and virtually all miners, except in Illinois, were expected to be operated today or at the latest by Monday.

Nearly normal production by the end of the week were expected for southern mines. Reports were that by that time mines in Kentucky, Tennessee and Alabama generally would be in operation.

In the southwest, Kansas was the only state where it seemed doubtful when operations would begin. The miners in Missouri, Oklahoma, Arkansas and Texas were reported ready to return to work today.

The Kansas situation depended upon the outcome of a conference at Pittsburgh today between the governor and Alexander M. Howes, president of the Kansas miners, concerning withdrawal of volunteer diggers and troops. It was understood an agreement was reached yesterday to withdraw the men complained by the miners as soon as the latter had reentered the mines.

In Illinois a number of the locals voted not to accept the terms of the strike settlement and to remain away from the mines. Frank Farrington, state president of the miners, expressed confidence that the men would resume production and said that the state organization would use every means to force recalcitrant locals to abide by the settlement.

INDIANAPOLIS MINES RESUME OPERATIONS

Indianapolis, Dec. 12.—Indiana's coal mines were in operation today with a very few exceptions, although reports indicated that not all of them were working at full capacity.

Circulars supplementary to telegrams sent out from headquarters of the United Mine Workers Wednesday night, were mailed this morning to 4,000 local unions. They explain the action of the general committee of the organization in accepting the president's proposal as basis for settlement of the strike and least possible delay in order that the urge to return to the mines with the public's coal needs may be filled speedily.

While no direct intimation has been given by government officials that consent proceedings against 84 international and district officials will be dismissed, it was believed here that the cases would not be pushed.

It was stated that the federal grand jury investigation of charges of violation by miners and operators of the Lever law and anti trust acts will proceed as scheduled.

MINERS IGNORE ORDER TO RESUME WORK

Stuebenville, Dec. 12.—Sixty per cent of the union coal miners in the local district voted to stay out of the mines revolting against the telegraphic instructions received yesterday to go back to work immediately by the Indianapolis convention. The union locals at Amsterdam, Pheny Fork, Benholt, Herlick and two locals in Dillonville held meetings last night and voted not to return to work. The union miners claim they cannot live under the 14 per cent increase and claim no faith in the 60-day investigation assured by the Indianapolis convention, saying they believe it is for the sole purpose of getting them back to work this winter and when warmer weather comes hold them out for a lengthy period. Several thousand miners belong to these six locals.

CHARLES A. WHITE, HELD IN DANSEY CASE, AND FATHER WHO LEADS FIGHT TO CLEAR HIM

Charles A. White, full length figure, and Edward H. White, his father.

Charles A. White, neighbor of the Dansey family at Hammon, N. J., recently was arrested in connection with the slaying of Billy Dansey. Mrs. Edith Jones, his housekeeper, was held as an accessory after the fact. White is the son of Edward H. White, head of the law and order society and former member of the common council of Hammon.

White is taking the family's efforts to clear White, who denies all knowledge of the crime.

Two other smaller mines in Jefferson county the men have voted to return to work. At Polansh, N. Y., across the river from here, 80 union miners went back to work this morning.

EASTERN OHIO MINERS ARE BACK ON JOBS

Cleveland, Dec. 12.—D. F. Hurd, secretary of the Pittsburgh Vein Operators' association, operating coal mines Harrison, Belmont and Jefferson counties, Ohio, with a normal daily capacity of 100,000 tons, reported that the district were working today with a more or less complete force of men and that operators expected many more miners would return to work on Monday.

Mr. Hurd also said he had received reports from several parts of the state where meetings had been held, the miners voting not to accept the settlement terms.

Two mines at Martins Ferry reopened this morning, Mr. Hurd said and another at Flushing is being operated.

T. K. Maher, one of the largest coal operators in the state said he had received word that 150 miners at Neff had devoted to stay out, but other advice indicated there will be a resumption of production elsewhere next week.

MEX. FEDERALS ENGAGE REBELS

Carranza Troops Meet Villistas Who Raided Town As Revenge For Leader's Death.

Eagle Pass, Tex., Dec. 12.—Five hundred Mexican federal troops sent by special train encountered the Villista force that raided Mustang, state of Coahuila and yesterday was reported in progress late yesterday according to information received here today.

The Villa forces comprised nearly 400 men, very few exceptions, although reports indicated that not all of them were working at full capacity.

Circulars supplementary to telegrams sent out from headquarters of the United Mine Workers Wednesday night, were mailed this morning to 4,000 local unions. They explain the action of the general committee of the organization in accepting the president's proposal as basis for settlement of the strike and least possible delay in order that the urge to return to the mines with the public's coal needs may be filled speedily.

U. S. NOT NEEDED TO ENFORCE PACT

German Reply Is Said to Hold That Failure of America to Ratify Treaty Is Purely Internal Matter.

Berlin, Thursday, Dec. 11.—Germany's reply to the last notes from the supreme council of the peace conference has been sent to Versailles. Nothing has been given out relative to its contents, aside from a hint that its general tenor reciprocates the conciliatory tone of the last communication from the entente.

Reports state that the reply renews the government's disclaimer of responsibility for the sinking of interned German warships at Scapa Flow and sets forth exceptions to the supreme council's insistence upon compensation for the scuttled vessels. It is said to claim that the objectionable passage from the letter from Admiral von Trotha, head of the German admiralty to Admiral von Roeder, commander of the German ships, was not translated properly and that it was "out of context with the rest of the letter."

On the proposition that Germany sign the protocol to the peace treaty permitting the entente to select the selection of indemnity tonnage to be adjusted later, it is reported the note proposes that the latter be forthwith submitted to a body of experts. This stand is taken because of the importance of the matter to German harbor facilities. It is hoped to obtain a concession of the Scapa Flow issue and it is believed the note indicates a measure of obstinacy over yielding on this point.

Reports declare that there are no intimations in the German reply that the Berlin government has taken a position that the failure to ratify the treaty by the United States has created an altered situation and it is hinted, it is said, that treaty action by the United States senate is a purely internal American affair.

Belief is expressed here that the reply attempts to temporize in an effort to obtain a modification of the demand for indemnity for vessels sunk at Scapa Flow. It is said also that the reply seeks to persuade the entente that demands for the extradition of German officers and men accused of violations of the war are fraught with serious internal prospects.

ARREST STEEL WORKERS FOR HOLDING MEETING

Youngstown, Dec. 12.—Seventy-two members of the Amalgamated Association of Iron, Steel and Tin Workers are at liberty under bail today following their arrest last night when they attempted to hold a meeting in East Youngstown.

The arrests were made on charges of holding a meeting without a permit, under instructions issued by Mayor J. C. McVey of East Youngstown. Among those taken into custody were Frank Pickin and J. A. Lowe, organizers of the A. F. of L.

The men say the meeting was the regular session of Lodge 104 of the Amalgamated Association for the purpose of electing officers and that it was not open to the public.

COLUMBUS MAN IS TEACHERS' SECRETARY

Columbus, Dec. 12.—William E. Kershner, Columbus, today was elected secretary of the Ohio teachers retirement board by the directors at a salary of \$3,600 a year. He will begin his duties on January 1. The law becomes operative, September 1. Kershner is secretary of the Ohio Teachers Reading Circle.

PENN. OPERATORS SAY 'SHOW DOWN' ONLY POSTPONED

Settlement Does Not Touch Principles at Stake It Is Asserted.

STRIKE SETTLED WITHOUT KNOWLEDGE OF TROUBLE

Statement Declares Garfield Was Interfered With By Higher Officials

Washington, Dec. 12.—While accepting the government's proposal for the settlement of the bituminous coal strike, mine operators of the central Pennsylvania district, declared in a statement today that the "settlement is no settlement at all of the principles at stake in the controversy, and that it is merely a postponement of a show-down which in our opinion is bound to come."

The method proposed for settling the strike by Federal Administrator Garfield, the statement said, "was interfered with by government officials who knew little of the situation" with the result that the operators and public have been delivered into the hands of the United Mine Workers of America.

AUTO KILLS WOMAN DRIVER CONVICTED

Ashabula, Dec. 12.—L. A. Pullman, Ashabula, cigar dealer, was found guilty of manslaughter by a jury in common pleas court at Jefferson last night, after 18 minutes' deliberation. Pullman was charged with having driven a machine which struck and killed Miss Agnes Wilkinson, 19, near Saybrook, five miles west of here, the night of August 16 last.

Washington, Dec. 12.—The McNary bill under which government control of sugar would be continued another year, was approved by the senate and sent to the house.

GARFIELD QUILTS U. S. FUEL BOARD

Objects To Terms of Settlement In Miners' Strike—Duties Will Be Taken Over By Hines.

Washington, Dec. 12.—The resignation of Dr. H. A. Garfield, as fuel administrator, tendered last night was forwarded to President Wilson this morning by Secretary Tumulty.

Functions of the fuel administrator, handled recently through the railroad administration under Dr. Garfield's authority, will be turned over to General Hines, it was said. This does not necessarily mean that Mr. Hines will be made fuel administrator in Mr. Garfield's place it was added.

It was known that Garfield objected to the terms of the settlement because he believed it would entail an inevitable increase in the price of coal to consumers. He has opposed steadfastly any attempt to raise the retail price of coal.

NO CHRISTMAS KETTLES.

Youngstown, Dec. 12.—For the first time in a score of years, Salvation Army Christmas kettles with conventional Santa Claus will not appear on Youngstown streets this season. The community corporation, which raised \$300,000 to care for all city charities has taken care of the salvation Christmas relief. The community corporation fund that the Xmas kettles usually raised about \$800 but that \$500 was taken up in the expenses entailed.

GRAIN ELEVATOR BURNS.

Portsmouth, Dec. 12.—Fire of unknown origin completely destroyed the large grain elevator at Waverly, owned and operated by the Strittmatter Grain and Milling company, of this city last night, entailing a loss of \$30,000, partially covered by insurance, the elevator and all its contents, estimated at between 3,000 and 10,000 bushel of corn and oats were entirely consumed by the flames. No one was injured.

NEW FOOTPAD TRICK.

Toledo, Dec. 12.—A new trick of highwaymen came to the attention of the police today when G. W. Gilliam reported that three men took all his money. He said he saw a man living on the sidewalk and had been asked to his assistance. The man rose quickly and covered Gilliam with a revolver. Then two men came from an automobile standing nearby and robbed him, he says.

LAKE SAILOR KILLED.

Ashabula, Dec. 12.—Word was received here today of the accidental death of John Lillis, first mate on the steamer W. L. King. Lillis lived at 81 Walnut street, this city. His death was due to the breaking of a cable while the King was being handled by tugs at Detroit.

The "Amcross" after launching and Miss Margaret Farrand, its sponsor.

Miss Margaret Farrand, daughter of the head of the American Red Cross, acted as sponsor for the cargo vessel recently launched at Chester, Pa., and named "Amcross" in honor of the American Red Cross' work in the war. "Amcross" is the cable code name of the American Red Cross. The Amcross is a 9,000-ton vessel.

14 STEAMSHIPS SUFFER IN STORM

Heavy Gale in North Atlantic Wrecks Several While Others Are Crippled—Some Reported Missing.

Halifax, N. S., Dec. 12.—Fourteen vessels were wrecked, missing, or making port in a crippled condition, were recorded by the marine authorities today as victims of storms which swept the north Atlantic coast during the last two days. A seventy-five mile gale from the Gulf of St. Lawrence was still raging over New Foundland today and tonight.

Four United States shipping board boats bound from Quebec to Boston by way of this port, which became separated in the Gulf of St. Lawrence, were today believed to be safe in some small harbors of the east coast of Prince Edward Island. The United States shipping board steamer Davidson County disabled 300 miles east of Halifax, by the loss of her propeller was reported approaching port in tow.

The Canadian steamer Slinger was hawking to the assistance of the British freighter Honsdale, a former German vessel, which was in distress east of Canso.

The British steamer Carmania, with many American passengers on board, which collided with the steamer Maryland about 500 miles off this port Wednesday was expected to reach here tonight under her own steam.

The steamer Chetopa lost two propeller blades about 250 miles southeast of Halifax and was reported unmanageable in need of assistance.

Late messages from the American steamer Laga Galewood, driven aground on the coast of the Gulf of St. Lawrence, indicated that she would be a total loss. All members of the crew were rescued by means of a breeches buoy. Another American steamer, the Lady Edmond, which went aground on Cape Blue near Harbour Au Port, Antigonish, while enroute from Quebec to Halifax, rested on sand and was in no immediate danger.

MEXICAN BILL IS RETURNED TO SENATE

Washington, Dec. 12.—The senate military committee today declined to take action on a resolution by Senator Ashurst, Democrat, Arizona, authorizing the secretary of war to employ the army to protect American citizens on United States soil from Mexican bandits. The resolution was ordered back to the senate without the recommendation that it be referred to the foreign relations committee.

SOUTHERN FLOODS ARE RECEDING; LOSS HEAVY

Atlanta, Dec. 12.—Unprecedented floods in Alabama, Georgia and Mississippi that started early in the week generally were receding today, but rivers not greatly affected during the first two or three days were out of banks and causing heavy property loss. This was particularly true in Montgomery where the swollen Alabama had almost paralyzed the city's industries and social life without doing great damage to the Alabama capital itself.

Floods of the past week have generally been on such a large scale as regards territory covered that no detailed estimate of loss have become available, but compilation of various reports indicate they will total several million dollars.

Many persons were marooned around Montgomery but only five lives were lost according to available reports and the toll of human life was generally small through the three states, probably not amounting to more than a score in all.

SHERIFF IS ACQUITTED.

Toledo, Dec. 12.—John Matthias, sheriff of Lucas county, was acquitted by a jury late yesterday on a charge of receiving stolen automobile tires. Another indictment charges the sheriff with an assault on a lawyer who visited the county jail to see a client. Prosecutor Boney says the sheriff will stand trial on this charge in January.

DIES IN PRISON; BODY REFUSED BY RELATIVES

Columbus, Dec. 12.—Unable to forgive his father for the disgrace he brought into the family, three years ago, when at the age of 24 he was sentenced to serve a term in the Ohio penitentiary for forgery, the family of Howard H. Wolf, refused to take charge of his body following his death at that institution Thursday. He died from tuberculosis. His home was in Portsmouth, Ohio.

The body probably will be given to the Ohio State University medical college.

ROBBERS' GUN FOUND BY BOY; ANOTHER SHOT

Dayton, Dec. 12.—A revolver, believed dropped by burglars after a raid on Dayton View homes, Shawnee, Ohio, was spied up in the street. Friday morning by a 12-year old boy who accidentally discharged it into the breast of Robert Howell, 10, who may die. After the shot was fired an unknown man rushed up to the boy, seized the pistol and ran. It is thought he was the robber who dropped the gun.

REDS ARE ACTIVE ON FINLAND GULF

Attacks Continue Along Estonian Front; Dispatches Received In London Indicate All Attacks Repulsed.

London, Dec. 12.—An official statement issued by the war office today says volunteers of General Denikin's army eighty miles east of Kiev have been driven out of Pryatyn in the government of Poltava. The statement says the Denikin forces have fallen back on a defensive line along the Poltava-Kiev railway but are defending themselves successfully in positions encircling Kiev on a 20 mile radius.

London, Thursday, Dec. 11.—Bolshevik attacks continue along the Estonian front south of the Gulf of Finland and east of Narva, according to an official Estonian statement issued Wednesday night. Bitter fighting has been going on along the Korostel-Borodovka-Yamburg sector, but all attacks have been repulsed by the Estonians, it is said.

The Denikin forces have again heavily attacked the left flank of General Denikin's army and driven the latter's volunteers back to a depth of thirty or forty miles along a front from three to four hundred miles long. The reds are within fifty miles of Kharkov and Poltava, and are swinging around to the southeast of Kiev, which also is threatened from the northeast, according to news from south Russia. The situation gives rise to anxiety.

On the Caucasus front, however, the Bolsheviks have been repulsed before Tarsitzan with heavy losses. Don Cossacks also have been successful in pushing back the reds.

HOLD LIEUTENANT FOR EMBEZZLEMENT

Louisville, Ky., Dec. 12.—Lieutenant John C. Gottenkeine, fifth field artillery, first division, was brought to Camp Zachary Taylor last night from Governor's Island, New York, to await trial by court martial on charges of absconding at Coblenz, Germany, with the regimental payroll of \$40,000. Gottenkeine, whose absconding into Germany last May attracted widespread interest in American army circles, was arrested by German authorities in Freiburg, near the Swiss border, devoid of cash and returned to American headquarters.

CONFERENCES RESUMED.

London, Dec. 21.—Premiers Lloyd George and Clemenceau resumed their conferences on war problems this forenoon. Earl Curzon of Kedleston, secretary of state for foreign affairs; Sir Maurice Hankey, secretary of the war cabinet, and the French ambassador were present.

SOLONS ATTEMPT TO REMEDY CODE FOR HEALTH DEPT.

Bills Are Considered In Legislature To Improve Hughes Act.

BELIEVE INCOME TAX ACT IS PERMANENTLY KILLED

Governor May Ask House to Reconsider Vote Taken Thursday

Columbus, Dec. 12.—Consideration of legislation to take the place of the Hughes health code was resumed today by the general assembly. Several bills to amend the act have been submitted.

Failure of the income tax bill to pass the house yesterday and announcement by Senator Frank E. Whittemore, Republican leader in the upper branch of the general assembly that he would oppose passage of the bill in the senate was regarded by legislative leaders today as an indication that this measure is dead unless heroic measures are put forth to save it.

It was also the opinion of leaders that an attempt will be made to emasculate the Smith 1 per cent law, in order to provide relief for cities and local taxing districts, even if the income tax bill does not pass.

There was said to be a chance that Governor Cox might step into the tight spot next week and line up the minority in the lower house for a vote on the income tax bill on a motion to reconsider the vote by which it was defeated. The governor in a speech several months ago charged Republican leaders with trying to evade passage of an income tax law and declared he would do all in his power to force the legislature to pass it.

The governor was not in the city yesterday when he believed it would come to a vote soon. After a roll call was taken it was found the measure had received only 59 favorable votes or four less than a constitutional majority.

Thirty-eight voted against the measure. Representative Beetham changed his vote from "yes" to "no" in order to be in a position to move a reconsideration of the vote. The official vote was 58 to 39. Only five Democrats supported the measure. Many of the Republicans also voted against it.

The bill was designed to raise about \$8,000,000 in additional revenue, 10 per cent of which would go into the state and local taxing districts.

Senator Whittemore, Republican leader in the upper house, and a member of the state automobile department, did not concur with the majority in the action committee in recommending the income tax bill. In a statement issued following defeat of the bill, Senator Whittemore said he believed it would be possible to afford substantial sufficient relief to the municipalities and taxing districts by amending the Smith law, removing the interests and sinking of automobiles from the limitations of the law, and that he did not consider it necessary to pass an income tax law. After providing a debt limitation law, Whittemore said it would be sufficient to move these limitations from the Smith law.

The graduated motor vehicle tax bill has now passed both houses, the senate passing it yesterday by a vote of 19 to 10. The bill will save some 5,000 applications already received.

Instead of paying only \$5 for a license tag as at present automobile owners will have to pay \$10, pay \$10 where from \$5 to \$20 a year tax on their machines, depending upon the horsepower. It will mean that new quarters will have to be provided for the state automobile department, many additional clerks employed to handle the work.

The legislature had before it today a new health code introduced late yesterday by Representative Graham at the request of rural members. The bill removes many of the mandatory features of the present Hughes health code, making it optional with cities and local health districts whether they shall have full time or part time health officers and whether they shall hire horses and other help.

FIGHT IN THREE PLACES.

Eagle Pass, Texas, Dec. 12.—Fighting between Mexican federal troops and Villistas was reported at three places today in the vicinity of Mosquito, Coahuila. Reports that 100 Villistas were engaged were denied by Carranza sources. Villistas were reported still holding Musquiu.

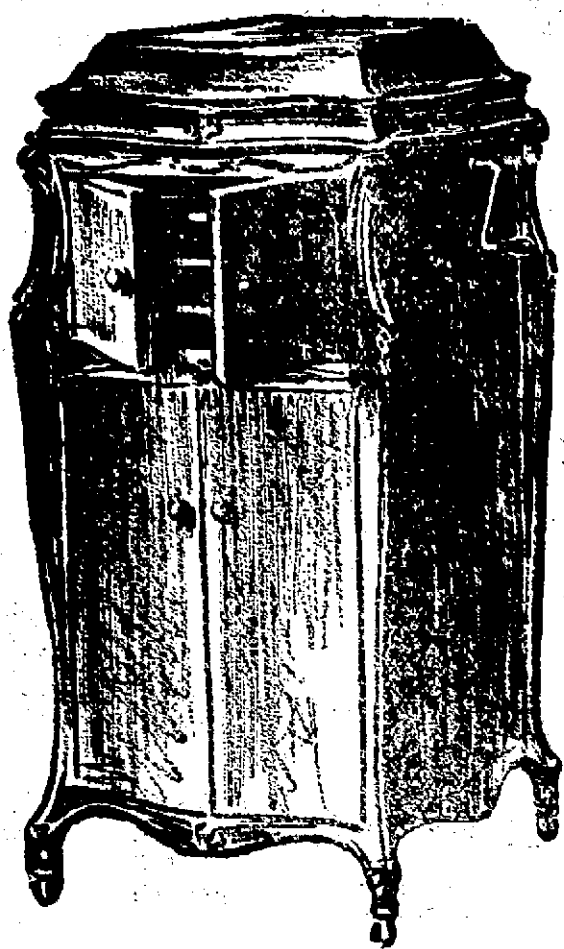

Other reports which could not be confirmed here and were within approaching. Villistas were reported to be within forty miles of the town, and that the rebels had blown up two troop trains.

CHARGES OPEN GAMBLING.

Cleveland, Dec. 12.—Charges that virtually open gambling is common in two thirds of the city's pool and billiard rooms were made by Raymond Boney, director of the Cleveland Foundation, at the second recreation survey issued today. He also charged that the moral atmosphere in the city's one bad room was more coffee houses was too. Boney presented the findings of the foundation in its survey on causes of recreation in Cleveland.

"SUNSHINE'S" AUTHOR WILL SEE SHOW HERE

Alexander Johnstone, one of the co-authors of "Fiddlers Three," which was seen in this city several nights ago, and who is also the author of "Sunshine," which appears at the Auditorium theater this evening, is a visitor in the city today and will remain with the company until the Christmas holidays when he and Mrs. Johnstone will enjoy a week's vacation in New York. Mrs. Johnstone is the leading comedienne with Mr. Johnstone's company, which is headed by that ever popular and unique comedian, Richard Carle. "Sunshine" is a sister piece to "Fiddlers Three" and in an interview with an Advocate representative today the author stated that it was his purpose in writing the musical comedy to strike the chords that appeal to the great masses and side-step the fast-waning fad, placing in his score popular melodies that appeal to everyone. Those who were fortunate in witnessing "Fid-

lers Three" will remember that the music was on a par with any production ever appearing in the city and the same can be said of "Sunshine," popular Carle with a cast selected from the best musical comedy artists which could be secured. His specialty dancers were brought from Europe and have an international reputation.

WAGON RUNS OVER LEGS BUT NO BONE BROKEN

William Storey, colored, a driver for the C. W. Miller and Company Packing House, was thrown from a wagon this morning about 10:15 when a team of mules became frightened and ran away. The wheels passed over his legs and it was thought that one leg was broken. Bazler's ambulance hurried Storey to the Newark Sanitarium where it was found that the leg was not broken but that both legs were badly sprained and bruised. He lives at 281 Buckingham street.

INDIAN DOCTOR AGAIN IN CUSTODY OF POLICE

J. W. Rheumont, Canadian Indian doctor, and Grace Gaver, were taken into custody at Chicago, Ill., and may be brought to Zanesville where the Canadian may be forced to answer a charge of contempt of court. In the summer of 1912 the Canadian and Mrs. Gaver, mother of Grace, were taken from a hotel in South Third street and an investigation was made by the juvenile court and the Indian was warned to keep away from the girl, who was of tender years. The mother died shortly after in this city and Rheumont and the Gaver girl left for Zanesville.

Upon information from this city Rheumont was taken into custody and the girl became a ward of the juvenile court. Rheumont was then warned by Juvenile Judge Harvey C. Smith, now secretary of state, to keep away from the girl and to leave the city. Later the girl was sent to the home of relatives in Montana. The case at the time was a sensational one and upon the mother's death in this city the then coroner, Dr. W. E. Wylarch, performed an autopsy but nothing developed which showed that her death was caused by any other than natural causes.

EXPLAINS WAR INSURANCE TO EX-SERVICE MEN

There was a fair attendance at the meeting of the American Legion last evening which was presided over by Major Charles W. Montgomery, commander of the legion. Harry W. Chesley, field representa-

tive of the War Risk Insurance bureau of Washington, D. C., was present, and addressed the legion on the various provisions of the War Risk Insurance act. He explained the various terms of insurance, the cancellations, reductions and increase, and the change of rate which is now in effect. The monthly premium for each \$1,000 term insurance ranges from 63 cents for those 16 years of age, to 3.35 for those 65 years of age.

Chesley also told how a change in beneficiaries can be made at any time without the knowledge or consent of each beneficiary. He also spoke of the permanent forms of policies offered by the government and of the disability clauses. He also took up the ordinary life policy, and the 20 and 30 payment plan as well as the endowment at the age of 62 and advised everybody to hold onto their insurance. Licking county soldiers entitled to equipment as ex-service men, which was not in possession at time of their discharge can secure same from the government and they should take the matter up with Secretary Harold Wilson of the local legion. Discharged soldiers are entitled to one overcoat, cap, or one hat and hat cord, one olive drab shirt, one woolen service coat and ornaments, one pair woolen breeches, pair of shoes, pair of spiral or canvas leggings, waist belt, slicker, overcoat, two suits of underwear, four pair stockings, pair gloves, one gas mask and helmet, set toilet articles including hair brush, comb, tooth brush, shaving brush, razor, steel mirror and two towels, one barrack bag and three scarlet chevrons.

TOYS POUR IN TO SANTA'S OFFICE

Headquarters For Christmas Charity Work Already Has Good Assortment On Hand—More Needed.

Judging from the toys, dolls, etc., gathered by Boy Scouts of Newark, there will be many happy homes in the city Christmas morning which might otherwise be sad because the youngster had been overlooked by Santa Claus. Members of Troop 6 brought in the first collection and Scoutmaster Gilbert said that more would follow as some of his boys had not covered all their territory.

The toys, clothing, etc., will be assembled in the Santa Claus headquarters, second floor at 30 1/2 West Main street, opposite the Advocate. K. L. Brown, scout executive in charge of the headquarters. George M. Penberg is general chairman of the committee which is composed of members of several organizations which have united to make this the best Christmas Newark children have ever known. The treasurer of the committee is R. C. Van Voorhis. Checks or money donations should be sent to Van Voorhis.

Brown is seeking young women volunteers for duty at the Santa Claus headquarters during the day to receive donations. Details of the work make it impossible for Brown to be at the headquarters all the time, he said, and assistance is needed to receive and classify the gifts. Boy Scouts are available only out of school hours.

Yesterday the boys helped to move tables into the room on which the toys will be piled as they are classified.

A telephone message to Boy Scout headquarters, Auto. phone 1749, will secure the services of a Boy Scout for those families who have donations and have no way to send them to the committee.

Practically all the charitable organizations in the city are united in the movement which will be handled from the central headquarters to prevent a duplication of effort.

ITALIANS REFUSE TO REVEAL INFORMATION

One of the four Italians arrested several days ago on a double charge of carrying concealed weapons and threatening to strike with intent to wound was given the "third degree" yesterday by Police Chief Sheridan. The chief believes that one of the men will finally reveal the true facts in the matter of using "Black Hand" methods to extort money from fellow countrymen, but just at present the men are sullen and silent. The one that the affidavit of Valdesio Patusta charging them with murder of the young Sicilian two years ago Sept. 14, is mere spite work, and that none of them was implicated in that crime. Nick Debelisco claims that he will have no trouble whatever in proving a perfect alibi.

1920 AUTO TAGS ARE RECEIVED BY POLICE

Two thousand automobile license tags for 1920 have been received at the patrol station to be placed on sale by Chief Jas. Sheridan and assistants. Mayor Atherton secured the tags from Secretary of State Harvey C. Smith but since receiving the tags has received notification from that official not to sell any until further word from him. It is believed their distribution is being held up until the legislature finally passes on the amount of license which the automobile owner will be compelled to pay next year.

ARMY STORE DOES GOOD BUSINESS ON FIRST DAY

The army store opened this morning in West Main street and the ten clerks were kept busy throughout the day. As a customer entered they were handed a printed list or articles on hand together with the price of same and as they selected the goods desired it was checked on the list, which was carried to the next standing in the hopes of clearing out the greater part of the stock. There was much disappointment in the non-arrival of blouses, rubber goods, underwear, towels, etc., but the mayor is in hopes that it will be shipped later. The goods on hand at the store include canned tomatoes in three sizes; canned pork and beans, corned beef, farina, tea and cinnamon. The list includes four different brands.

There was a good trade throughout the day but there is still a fair stock of goods on hand. The store will be kept open tomorrow in the hopes of closing out the greater part of the stock. There was much disappointment in the non-arrival of blouses, rubber goods, underwear, towels, etc., but the mayor is in hopes that it will be shipped later. The goods on hand at the store include canned tomatoes in three sizes; canned pork and beans, corned beef, farina, tea and cinnamon. The list includes four different brands.

HAND IS FRACTURED.

Has Sammy Jones Invited Your Johnnie To Go To Sunday School Yet, Mrs. Smith?

Canon Gabriel Farrell.

He's After Him, Half a Million Strong, and He Expects You to Send Johnnie Along.

A seven year old boy is responsible for one phase of a great Nation-Wide Campaign which is sweeping the country. The Campaign seeks to raise more than \$42,000,000. It also seeks to do other things. Among the latter is the phase for which the little boy is responsible.

One day last summer a woman in Grand Rapids, Mich., received the following letter from a seven-year-old playmate of her own little son:

"Dear Mrs. Blank—

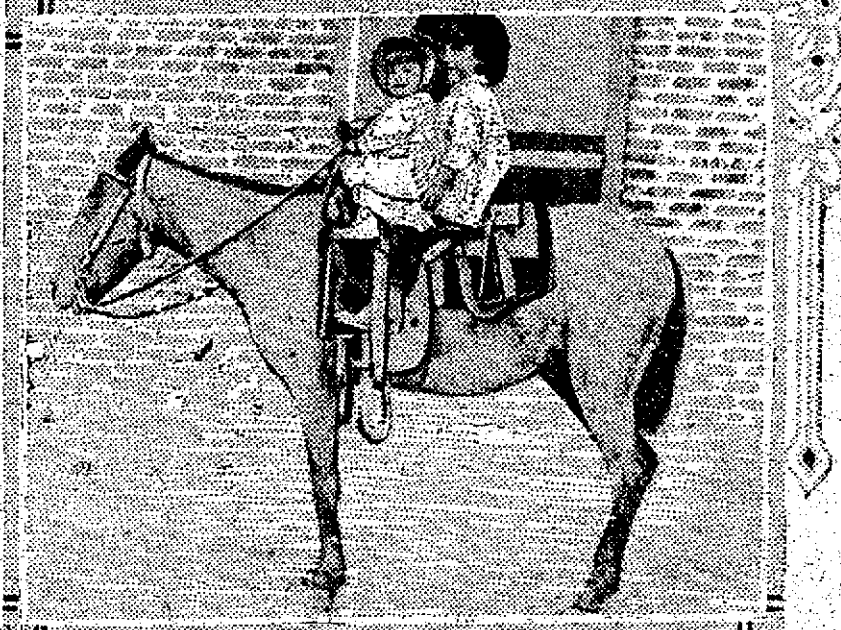

"Can Johnny go with me to my Sunday School? I'd like to have him go with me and he'd like to go with me and so I thought as he doesn't go to any Sunday School maybe you wouldn't mind if he went with me to my Sunday School. Then we could go together.

"SAMMY JONES."

The letter was called to the attention of Canon Gabriel Farrell, who is in charge of the Sunday School program of the Nation-Wide Campaign of the Episcopal Church. It brought to a focus the scheme which had been working in his mind to double in the three-year period covered by the Nation-Wide Campaign the number of children in the Church's Sunday Schools. The 500,000 pupils now enrolled will be used to bring in 500,000 more. There are 12,000,000 boys and girls in the United States who receive no religious instruction of any kind. The Episcopal recruiting campaign will be among these

children and not among those who go to other Sunday Schools.

The Episcopal Sunday Schools boys and girls during the next past two years, and a number of children attending in the large cities has been constantly dwindling. Instead of going to Sunday School, the boys in the cities are usually found in the streets. And it would be on trouble for them to go to Sunday School, for there is a church close by. In the country districts, where it requires some exertion to reach a church, often traveling from five to fifteen miles, the children are much more eager to attend.

The Nation-Wide Campaign program for the Sunday School is designed, first, to enlist in active service the half a million boys and

girls now enrolled; second, to enroll at least half a million more boys and girls during the next three years; and, third, to provide opportunity and assume responsibility for the religious education and spiritual enlightenment of a million boys and girls in all parts of the nation.

These aims are to be accomplished by arousing in the present members a feeling of responsibility for others, by vitalizing the Sunday Schools and urging them to extend their privileges, and by holding a recruiting mission, to enlist new members. The Sunday School campaign will come to a climax with a period of consecration, when the children will be called on to renew their baptismal vows to be Christ's soldiers and servants until life's end.

Is First Move in Combining Indianapolis Plant With Tool and Die Works Here.

The Moore Tool and Machine company of Newark was incorporated at Columbus yesterday for \$250,000. The incorporators were Otto N. Moore and E. D. Leach and others. The incorporation is a part of the plan of the Moore company to move its plant from Indianapolis and combine with the Moore Tool and Die Works of Newark. The Indianapolis machinery is being prepared for shipment and it is expected the first of the equipment will begin to arrive next week. The company will build additions to the location of the Moore plant in West Newark.

MASONIC TEAMS REPORT SUCCESS IN CAMPAIGN

The campaign started Thursday morning by the Masonic fraternity to sell Masonic temple stock is progressing satisfactorily. The city was divided into precincts according to the political division, and the team members live in the precinct to which they were assigned. This gives them local touch with the members they are expected to seek. The per centage is \$2,000 worth of stock for each precinct, and one team last evening had sold \$1,200 of its quota. Other teams report similar success and the prospects are very flattering that when the full committee meets next Wednesday evening at the smoker the full amount will have been sold.

The circulation of The Newark Advocate has been audited by the Audit Bureau of Circulation, the recognized authority on expert circulation examination.

THE RAILROADS.

The first words of President Wilson's annual message relate to the railroad problem, and congress should be willing to work day and night until this vital question is settled. The new legislation must permit no return to the old days of joy riding speculation and melon cutting. The railroads must cease to be the plaything of stock market manipulators, who issue securities out of hot air and expect the public to pay dividends on them.

The railroads should welcome the idea of helping new issues of their securities supervised by the government. The public would then have confidence that they are based on solid value.

The owners of railroad securities should be assured sufficient dividends so that the public will feel that it is safe to invest money in these securities. The Interstate Commerce Commission should be ordered to fix rates and reasonable returns on actual property value, probably six per cent. There should be a chance to increase it a little by exceptional efficiency.

This commission should not be permitted to continue the policy of starving out the roads which it pursued before the war, a policy that brought the railroads down to a point of decay and dilapidation and which created great industrial disturbance.

Failure to provide such a fair return is essentially bolshevism. When the public uses a railroad, and is unwilling to pay a fair return for its use, it is essentially the same as taking possession of a man's house and then not being willing to pay rent for it.

Railroad securities will never pay the big dividends they used to, but those they pay will be more secure. When investors begin again to have confidence in railroad stocks, it will be possible for the roads to develop their facilities and provide the transportation equipment that the country needs so badly.

COMMUNITY KITCHENS.

The Ann Arbor, Mich., woman who proposes to deliver at people's back doors a cooked dinner kept warm on the thermos principle, for 65 cents a plate, may not be able to withstand the sudden access of popularity. There are a lot of other places that would like to get her. Some folks here in Newark may want to know her address and send her an S. O. S. call.

Such experiments are reported starting in various places. It does not look like any gold mine on present prices of food and labor. But the demand for service of that kind is so great that in large towns it could become a big business. It might get a considerable patronage in country villages.

There is an economic waste when fifty families keep fifty little fires going to cook their fifty little messes, when the whole lot could be done in one big cooking plant.

Families that have frictions with their servants would give many a prompt two weeks notice if they thought such a plant was firmly established.

That Columbia professor who claims he can feed a family of five on \$11.99 a week, can get a large number of contracts in Newark any time he wants 'em.

The Pennsylvania railroad says it takes ten men in its shops to do what six men did before the war, but it is a comfort to feel that the ten are not overworking.

Don't refuse to buy an article for a Christmas gift, merely because your friend will find it very useful.

The rather surprising report was telegraphed from Washington that federal employees are quitting their jobs in large numbers, as they can get more pay elsewhere. Heretofore a swarm of eager patriots have clamored for these supposedly soft snaps. Congressmen have passed many sleepless nights trying to adjust their conflicting claims.

Government employees are not highly paid. Many classes of them, the postal employees, for instance, do a good day's work, and should be paid for it. The popular impression is that the government departments are not efficient, and that they are obstructed by antiquated and red tape methods.

They should be so recognized that government work will be attractive to bright men, and so that efficiency will be rewarded, and slackness punished by dismissal. When they get on that basis, higher pay will follow.

REPUBLICAN JACK RABBITS.

(Chicago Tribune, Rep.)

We have blamed the Democratic administration and the Democratic party for failure to provide for national defense. Now it is the Republican majority in congress which is ready to reject universal service. The administration asks for it. The Republicans will not have it.

The house committee on military affairs it is reported in Washington, will recommend legislation for a regular army of 300,000 men and 75,000 officers and nothing more. Gen. Pershing recommended the regular army of 350,000 and universal service. Secretary Baker asked for a regular army of 500,000 and universal service.

Pershing the soldier and Baker the secretary of war, a man by instinct and principle a pacifist, asked for universal service for the protection of the country and the development of citizenship. A committee controlled by Republicans is ready to recommend to a congress controlled by Republicans a program which contains the least recommended by Pershing and ignores the essential principle of national defense.

This evasion of duty, this desertion of national need and of military common sense is by the party which has devoted years to criticism of a Democratic administration's pacific courses. This Democratic party has been, by tradition, principle and conviction, opposed to such nationalizing device as a citizen army controlled by federal government. But the administration is converted and is patriotic enough and sensible enough to ask congress to establish universal military service.

The party which turns tail and runs is the Republican party. With a political timidity which does not know shame, the Republicans who control congress are ready to throw national considerations aside and seek the safety of their own skins in the speed of their own legs.

A presidential campaign impends. The Republicans are afraid of it. The Democratic administration may be afraid of it, but that has not prevented a recommendation for a national military policy. The Democratic administration presents the issue. The Republican congress takes to cover.

The Republicans in congress prove themselves to be lions in criticism and jack rabbits in performance.

NO THIRD-TERM CANDIDACY.

(Philadelphia Record)

President Wilson is not a candidate for a third term. To doubt this would be to doubt that he continues to be a Democrat and who does? While the Democrats of South Dakota are not doubt unanimous in desiring to accord President Wilson all of the honors his great services to his country warrant, there will be a general feeling among the Democrats that they could have indicated their feeling in a better way than by endorsing him for a third term for the Presidency.

The country wants no third-term candidate and no third-term President; and it ought to be easy to believe that President Wilson is now, as he has been, doubt always been, in harmony with this idea, and that he will say so at the proper time. If he were in good health we might with confidence hope that he would speedily make the South Dakota declaration of the opportunity.

We have no means of knowing the inside of the politics of South Dakota Democrats or of the professional politicians who, no doubt, are as potent there as they are elsewhere in manipulating the selection of delegates to political conventions; but if they or other politicians have a plan to use the name of President Wilson to cloak their schemes to force upon the next Democratic National Convention a candidate for President who is not strong enough in his own right to command the votes of any considerable number of Democrats, Mr. Wilson ought to speedily say the word that will defeat their purposes and leave the Democratic voters free to select the man who merits the next Democratic nomination for President.

READY TO ACT.

(Cleveland Plain Dealer)

A definite threat of coercive military measures bring Germany to a realization that it is not strong enough to resume the old game of bluff and perfidy. In the Baltic regions Germans defied the allies with impunity, for there were no allied troops available for action in this remote land. But there are soldiers ready and waiting for an advance into Germany from the west. All along the Rhine French and British and Belgians and Americans have stationed for twelve months for the express purpose of coping the vanishing enemy. The allied force has been a standing warning against perfidy or insolence. Now the Paris council categorically informs Berlin that unless the protocol is signed the advance beyond the Rhine will begin.

No time limit is set for Germany's final reply, but it does not if it does not soon arrive in Paris the Yanks and Tommies and Poles may soon be enjoying that big German picnic, which leaves them by the signing of the armistice. The procedure would be to denounce the armistice and resume the war. It would not be like the war in 1918, for the Germans would not have much of an army, and the small and select army of the allies would find their work very hazardous.

Even though Germany no longer trembles in expectation of suffering the atrocities which her soldiers inflicted on the foreign lands they occupied the Berlin government will probably not invite a general invasion. The German people would not willingly carry their pose of martyrdom to this limit. The terms of the allies will doubtless be accepted and the march to Berlin is not likely to be commenced.

Doesn't Sound Reasonable.
Aunt Celine says:—Yesterday I an Maggie Zeen went up to visit the school, which little Maggie an' Ben had fair wore us out aasting us to.

The teacher had the arithmetic class up a-reeling when we got there. She had an apple on her desk an' she were a-trying to show 'em about fractions. So she took a nife an' cut the apple into quarters an' told them all about the halves an' quarters. Then she says, "Now children, do you understand?" she says, "An' they all said they did, which they didn't. So she says to Bid Well, "Now, Bid, if I was to offer you your choice of this here apple which peace would you take?" she says, "The half or the quarter?" she says, "Well," says Bid, reel polite, "I'd take the quarter," he says. She was some surprised an' says she, "Why would you take the quarter?" she says, "Why," says Bid, "I don't like apples."

Married Strangers

A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grow apart while the man goes off to war.

XIII.—Cecelia Takes a Hand.

Keitha started slightly.

"No, I hadn't," she said, trying to make her voice sound uninterested.

But Cecelia's keen ears detected the effort and she brought the little car to a standstill at the curb.

"I can't talk and run this silly thing, too," she explained. "Now Keitha, honey, you stop trying to play a part for me. I know you too well and you aren't one bit as indifferent to Lester as you pretend to be. He's hurt your pride or something and you're trying to pay him back. Am I right?"

Keitha turned her head away from her friend's searching glance.

"You're an amusing child," she said lightly. "Think of little Cecelia playing adviser in matrimonial tangles! Now if it were affairs du coeur—"

"I know what you think," replied Cecelia, "but I'm not a child. I'm rushing in where angels' wings don't step, but you've no idea how marriage has sobered—and aged—me."

Keitha covered her face with both hands and her shoulders shook. The combination of amusement and tired nerves drove her to unnatural laughter.

"Laugh if you want," Cecelia was undisturbed, "but when you're through I'm going to tell you what I think of you."

"Go on," Keitha wiped the tears of mirth from her lashes. "I can stand it now."

"Don't you love Lee?"

"I don't know whether I do or not," Keitha confessed.

"You did at my wedding house party," insisted Cecelia. "And you certainly did when you married him."

"But that was more than two years ago."

"I still love Ned."

"But that is different," insisted Keitha. "You and Ned are ideally matched. You like the same things; you have every interest in common; you know each other perfectly. But I find out something new about

would indicate a Republican president next year.

But The Courier-Journal makes no claim that the Democratic victory in New Jersey indicates Democratic victory in the national election of 1920. It knows that the New Jersey result turned on such local questions as prohibition, the public utilities commission and trolley rates and a claim that the election of a Democratic president would be as foolish as is the claim that the election of Morrow is a step to the election of a Republican president.

A Tool and his money keeps lots of people from being honest.

A girl's heart begins to ache about the same time she cuts her wisdom tooth.

Sympathy is never really lost, but there are times when it certainly seems misplaced.

"When you see a girl limping into the chiropodist's it isn't nice to ask her what's on foot."

Some fellows are so insistent that if you won't let them do you a favor they'll do you anyway.

You can generally gauge the value of gratuitous advice from the kind of cigars that come with it.

"There is nothing new under the sun," quoted the Wise Guy. "Still, we often hear of shady transactions," replied the Simple Man.

The dog in the manger has a wider influence than we think. The girl who marries a man to reform him who merely be spoiling a good husband for some other girl.

There are two notable periods in a man's life—his first smoke and his marriage.—Toledo Blade.

And would that habit rendered them equally pleasurable!

Gosh!
Mary, Mary, quite contrary.
You don't care what you wear;
You have thick furs around your neck,
But your knees are almost bare.

But Mary, Mary, quite contrary.
If you did not dress so.
We'd not be able to see, my dear,
How your little knees do bow.

Did You Know
That taffeta silk is supposed to be the first kind of silk weaving known even to the Chinese, from whom it came to us? The name was first applied to all plain silks simply woven by regular alternations of the warp and woof. Modifications have, however, been introduced by which the product is varied, and the term is now applied to several different kinds of silk.

WANTS CHURCHES TO DRIVE OUT LIQUOR

Milady's Boudoir

The Too Large Bust.
The flat chested woman always envies the woman who has a large bust, but this woman, on the other hand, suffers much because she is not as slenderly built as her sister. The large bosom is more of a beauty defect than a small bust and harder to overcome.

Bandaging is the best way of overcoming this defect and the most effective way of bandaging is to take a straight piece of cloth and pass it across the back and under the arms, bringing the ends together over the chest. The cloth must be wide enough to extend from the chest to the waist line. The two ends of the bandage may be held together by means of tiny safety pins, so that the slack may be taken in as the reduction is accomplished.

As you will find that this bandage has an uncomfortable way of slipping down over the waist, it will be a wise idea to fasten narrow pieces of ribbon over each shoulder with safety pins. In this way the bandage will be held and the ribbons will not interfere with one's appearance.

This treatment is not quite as simple as it seems, as it will be necessary, in order to obtain satisfactory results, to tighten the bandage a trifle every day. In some cases it is advisable to remove the bandage every third day, resting one day and then resuming again.

Keep the bust tightly bandaged for a few weeks. This compression method is the newest and most effective ways of reducing the bust.

Our Boys and Girls

A poster calendar is an easily made and pretty present for a child to make. It represents a fireplace on Christmas Eve, a present which is very appropriate. To begin with secure a piece of cardboard nine inches long by six inches wide and cover this entirely with bright green paper. Then a short distance from the bottom of this paste a piece of red paper four inches long by three and a half long.

On this latter mark off bricks with ink, and at its top paste a piece of blue, purple or gold paper for a shelf. A piece of black paper, two by two and a half inches or two by three inches, pasted upon the brick marked piece, will serve to represent the fireplace.

If a number of tiny stockings can be fastened to the mantel they will add much to the appearance of the calendar. A border of gilt three eighths of an inch wide finishes off the edge, and a small calendar pasted above the fireplace completes the whole. The gift can be bought at any art store and is easily put on by means of water and a brush.

Everyday Etiquette

"When invited to a friend's home for an informal dinner, how long should I remain after the meal is over?" asked Jim.

"An hour or two would be right to stay, especially as you say it is an informal meal," advised his sister.

How To Get Health

When You Are Weak, Run-Down, Nervous And Tired On The Slightest Exertion.

This condition shows that iron, the life and strength of your blood is wearing out, your nerve force is decaying and vitality is becoming low. Disease acts only on those whose blood is thin and watery, impoverished or impure and never affects persons whose blood is rich and pure with plenty of iron in it. Dr. Chase's Blood and Nerve Tablets are a wonderful restorative because they contain iron, Nux-Yonics, Gentian, Capsicum, and Zinc Phosphide which makes them a most valuable tonic for the sick, convalescent and overworked. Each dose means more energy, more nerve force, more strength. They put snap into you which makes life worth living. Sold by Druggists 60 cents, Special, (Stronger more Active 90 cents.)

HOUSE WANTS TO KNOW WHY SUGAR IS 18 CTS.

Washington, Dec. 12.—The house judiciary committee took up today a joint resolution by Representative Tinkham, Republican, Massachusetts, requiring Attorney General Palmer to show under what authority a price of 18 cents was fixed on the Louisiana cane sugar crop.

WIND CARRIES PILOT BACKWARDS 15 MILES

Dayton, Dec. 12.—Major R. W. Schroeder, chief test pilot at McCook field and holder of the world's altitude record, yesterday attempted a speed test flight at a height of 18,000 feet. He climbed to that height, found a wind velocity of 50 miles an hour and instead of going forward in a speed run, was blown backward for a distance of 15 miles from Dayton to Xenia. It was 10 degrees below zero at this height.

CLOTHING PRICES WILL CONTINUE HIGHER IN 1920

Chicago, Dec. 12.—Clothing prices will continue upward next spring, Charles E. Wry, secretary of the National Association of Retail Clothiers, announced yesterday, explaining steps taken by the association to assist Attorney General A. Mitchell Palmer in combating the high cost of wearing apparel.

The causes of high prices are beyond the control of the retail dealers, Wry declared, but members of the association are preparing to hold further price advances to the minimum at the sacrifice of their own profits. Popular price suits, which sold before the war at \$25 and now retail at \$50, will bring \$60 or more next spring, Wry said.

200 SEDITION PAPERS ARE PUBLISHED IN U. S.

Washington, Dec. 12.—More than 200 seditious newspapers are published in the United States and 144 other published in foreign countries are being circulated here, according to figures of the department of justice submitted to the house judiciary committee yesterday by Representative Byrnes, Democrat, South Carolina, at a hearing on a bill to prohibit and punish seditious acts and to close the mail to those promoting such acts. The bill provides penalties of \$5,000 and imprisonment for five years.

44 STATES RATIFY PROHIBITION ACT

Washington, Dec. 12.—Forty-four states have officially notified the state department of their ratification of the prohibition constitutional amendment, according to a statement sent by the department to the senate yesterday in response to a resolution, Virginia heads the list, having reached Jan. 17, 1919, with Kentucky following two days later. New York's report was received Sept. 8 last.

EPISCOPAL NATION-WIDE CAMPAIGN ENDS SUNDAY

Thanksgiving services in the Episcopal church Sunday mark the close of the intensive week of the Episcopal nation-wide campaign here. Reports on the financial support given the diocese during the week, in raising its quota of the \$42,000,000 for extension of mission work of the church, and on the enlistment of local communicants for personal service in the new program of activities will be announced at Sunday's services.

Organized campaign workers have been at work here all week making a canvass to reach personally every member of the Episcopal church. All communicants were urged to support the nation-wide campaign by signing two cards, one for financial subscription and the other for personal service. More than 1500 trained workers are to be added to the general staff of the Episcopal church as a result of this week's efforts, and at least 2,000 new buildings are to be erected, including hospitals, colleges, missions, rescue homes, chapels, rectories, parish houses and community centers. Motor-driven missions are planned for sparsely settled sections of the country.

The culmination of the nation-wide campaign is to be celebrated in all Episcopal churches throughout the country Sunday, with the exception of the diocese of southern Ohio, Iowa, Michigan, western Nebraska, Quincy and Dallas, where the personal canvass has been deferred for a few weeks.

Snakes.
It is known that some species of serpents lay eggs, as farmers often plow them up, and upon opening them they find the embryo snake within the leathery covering. The eggs of the same species vary in size and shape, but are always oval. As a rule it is the constricting snake, or those which kill their prey by squeezing it, that lay eggs; such as the black snake, box constrictor, etc.

WAR SERVICE FOR WOMEN

REQUIRES HEALTH
AND STRENGTH

When was there ever a time when women were doing so much for mankind—and when was the health and strength of our women more vital to the very existence of our country. We can safely say **Never**. Their sacrifices, their industry, their courage, their patriotism is beautiful beyond words of description. But what of the poor one who wants to help but cannot because she is oppressed by some feminine disorder. To such we recommend with utmost confidence our successful old remedy and insert following a letter from one who proved its value.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 South 14th Street, Newark, N. J.

The reason this famous root and herb remedy was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition.

ALHAMBRA

"Jinx."
Never a day's day in all her life!
That's the predicament of the Jinx,
played by Mabel Normand in her latest
Goldwyn Picture. "Jinx," which will be
shown at the Alhambra theater, begin-
ning today. The picture was directed
by Victor Schertzinger. Born of the cir-
cus and left parentless, the Jinx con-
tinues to follow the tent troupe and
does a series of odd and dirty jobs to
earn her board. Rory Rory Alice (Flo-
rence Carpenter) is the most successful
performer of the troupe, for her "Dance
of the Northern Lights" attracts crowds
of country people. The Jinx wishes she
were in Rory Rory's shoes, and she be-
lieves she can do the serpentine dance
herself if she ever had the chance.

Then when the Jinx tells a "neces-
sary" lie and causes a strike of the cir-
cus people as two prospective buyers
are coming to examine the show, she
simply has to take Rory Rory's place
in order to save the business. The re-
sulting dance is a perfectly awful per-
formance for the amateur dancer and
only becomes known as a joke in her
but she plunges over the footlights and
straight down on the heads of the pros-
pective buyers of the circus. Bull Ho-
garth (Osgood Crane), the irate man-
ager, pursues her. Barker the wild man
(Cullen Landis), dashes through the
streets after his little friend, frighten-
ing the country people. The Jinx finds
refuge in the barn of an orphan's home
and the following morning is discov-
ered asleep in a manger. The orphans
love the Jinx and stage an elaborate
embryo circus in the yard. The matron
of the home has had a lifelong romance
with a judge, although she has never
come to the point of accepting him.
And when she finds Rory Rory in the
judge's arms, she firmly decides that
all circus people are wicked and satis-
fies her jealousy by ousting the Jinx
from her happy new home.

Upstairs.

Pertley Poore Sheehan, who wrote the
original story from which "Upstairs"
was taken, is a well known short story
writer, whose work has appeared in all
the leading American magazines. "Up-
stairs," which was made into a scenario
by Robert F. Hill, appeared in Mun-
sey's Magazine. It attracted the atten-
tion of several motion picture pro-
ducers, who wanted the screen rights
to the story. However, Mr. Moore de-
cided that Mabel Normand is the only
screen actress now before the public
capable of doing justice to the ex-
ceedingly humorous character of Elsie Mac-
Farland, the heroine of "Upstairs." And when Mr. Sheehan saw the finished
picture, he admitted that his judgment
of Miss Normand's ability was justified.
"Upstairs" comes to the Alhambra the-
ater Sunday.

His Bride's Night.

One of the liveliest, breeziest and
most entertaining photoplays the screen
has had in recent times is shown on
Monday and Tuesday at the Alhambra
theater, when Select Pictures presents
the charming and delightful star, Alice
Brady, in her latest picture, "His
Bride's Night."
The story revolves about Vi and Tiny
Playfair, twins in years and personal
appearance, but not in disposition or
mind. Vi is a gay, heartless little co-
quette, while Tiny is a quiet and faith-
ful soul.

The night before Vi's wedding to Joe
Damore, Vi tells Tiny that she is go-
ing to meet Lent Trevett out on the
grounds for a last farewell. Tiny is
horried at such a plan and decides to
meet Lent in Vi's place.
The next day, after the wedding cere-
mony, Vi goes to her room to dress,
and here finds Lent waiting for her.
He tells her that she does not love Joe
and she must go away with him. She
consents, and just as they indulge in
a farewell embrace, Tiny sees them
through the open door. She decides that
since Vi has stolen Lent, the man she
loves, why should she not steal Joe,
her sister's husband?

Calling the maid, she hurriedly gets
into the duplicate of Vi's going-away
costume and rushes back to Joe. To-
gether they go out of the house and
enter the waiting motor, amidst show-
ers of rice and confetti. "The bride is
going!"

GEM.

David Belasco, the great play-wright
and producer, is descended from an old
Portuguese family, the name of which
was originally pronounced "Velasco."
His father, Humphrey Abraham Bel-
asco, was a native of England. His
mother was Reine Martin of London.
One of David Belasco's big stage suc-
cesses, "La Belle Russe," has been
adapted for the screen by Charles J.
Brabin, with Theda Bara, the Fox star,
in the star role. It will be seen at the
Gem theater on Monday.

LYRIC.

"Just Fun and Girls" is the new
sketch that is being presented at the
Lyric this evening for the first time
by the Zarrow Nationals, musical com-
edy company. The sketch is filled with
bright sparkling comedy and new spec-
tacles by Kim and Ring and the Cun-
ard Sisters. New wardrobe, new songs,
and a genuine all around good show.

GRAND.

Many pleasant remarks were made by
the people who attended the picture of
"The Joyous Liar" featuring J. War-
ren Kerrigan and Lillian Waller, sup-
ported by a carefully selected company
at the Grand theater yesterday after-
noon and evening. The story is one of
mixups of a young man who is seeking
to meet the girl he loves and whose
identity becomes known to him through
an auto robbery. He is mistaken for a
criminal and he encourages his captors
into believing they are right until an
old college chum tips it to the first
gentleman that he is a rich young man
from the far west. The comedy feature
"Wild and Western" presented by Fay
Tischer and her company fills out a
splendid bill, which is popularly the
first run in the state of Ohio. Billy
Duncan in "Smashing Barriers," Larry
Semon and Harold Lloyd each present
a clever comedy tomorrow.

Keep Out the Warp.

Drive a nail into the bark of a tree
and you change the whole course of
its life. The warp in the lives of
some folks puts a warp into the lives
of everybody that comes in contact
with them.

A new "baby" airplane, of Swedish
make, weighs only 700 pounds, and has
a speed of eighty miles an hour.

THE COURTS

Case is Settled.
In the case of the Heshooton Art Leather company vs. Vogelmeier & Baker, an action upon an account for goods sold and delivered, a judgment of settlement was entered.

Case Taken From Jury.
In the case of Justin Gleichauf vs. Fontaine A. Johnson, a suit to recover damages growing out of the horse and wagon of defendant breaching a plate glass window in plaintiff's place of business some months since, the court sustained a motion to arrest the testimony from the jury and directed a verdict for the defendant on the ground that the damages sought to be recovered, viz.: injuries to plaintiff's business, were too remote. The plaintiff has filed a motion for a new trial and will take the case to the court of appeals.

"Seems to be human nature," replied Farmer Cornstossel. "Every wood-crow we managed to get sooner or later quit work with a chip on his shoulder."—Washington Star.

LAND ARMY GIRLS FORM PITCHFORK ARCH OVER HEROINE-BRIDE AND GROOM AT CHURCH

A. S. Marshall and his bride passing under pitchfork arch.

British land army girls formed a novel pitchfork arch for the bride and groom at the recent marriage of Miss Peggy Fisher and A. S. Marshall at Flushing, a little village on the Sussex Downs, England. Miss Fisher, a land army girl, saved Fisher's life when he was gored by a steed.

Prompt Pay.
Wilson—You can say what you like about Goodfellow, but he's as straight as a piece of string.
Walters—Yes, and just as easily broke.—Answers.

Human Nature.
Visitor (viewing esplanade)—You have signs up "Keep off the Grass," but I notice you don't enforce them.
Walters—They are there so that the people will more thoroughly enjoy being on the grass.—Toledo Blade.

Poorly Valued.
Mrs. Roots—Why don't you ask your husband's advice?
Mrs. Keene—I intend to, my dear, just as soon as I've made up my mind what I'm going to do.—Answers.

A Not-Unusual Case.
"Here's a Southern poet singing that while his body is in Texas, his soul is in Tennessee."
"Well, he's not the first poet who has had trouble in getting home and soul to go together."—Boston Transcript.

Chicago Grain Review.
Chicago, Dec. 12.—Corn underwent a material decline in value today owing largely to depressing effects of New York stock market weakness. Opening prices which ranged from the same as yesterday's finish to 1 1/2 lower with Jan. \$1.34 1/2 to \$1.35 and May \$1.31 1/2 to \$1.32, were followed by further setbacks, in some cases.
The close was unsettled 3/4c net lower or to a like advance with January \$1.35 to \$1.35 1/2 and May \$1.32 to \$1.32 1/2.
Oats gave way with corn. After opening 1/4c lower, including May at 79 1/2 to 79 3/4c the market continued to descend.
Despite higher quotations on hogs there was a sag on the provision market. Commission's selling was a marked cause.

SNOW DRIVES ANIMALS FROM YELLOWSTONE; HUNTERS AND STARVATION KILLING MANY

Baby Robert M. Albright, aided by his mother, Mrs. Florence M. Albright, feeding one of the baby antelope.

The picture above is remarkable, as everyone familiar with the timidity of the antelope will recognize instantly. It was taken when terrific snow storms, the worst since 1887, recently forced many of the animals in Yellowstone park to seek food outside the park to keep from starving to death. Many of the animals went boldly up to dwellings in search of food. Many over-zealous hunters waited outside the park boundaries and shot antelope and other animals as they emerged in search of food. Emergency action has been asked of congress and private organizations to prevent extermination of many species of the animals in the park.

WENT ROUND WITH ARM IN A SLING FROM RHEUMATISM

Arms and Shoulders Were Red From Rheumatism, Hands Stiff as a Board.

Dayton Lady Declares Three Bottles Of Dremo Have Worked Wonders.

"I have been a most remarkable case which has recently come to light. It was reported by Mr. Roy L. Fisher, son-in-law of Mrs. Anna Swope, 25 Benn Street, Dayton, Ohio. 'I have been persuaded to try this medicine, Dremo, for my rheumatism since I have seen the wonderful relief Mrs. Swope got from it. Her case was the worst I ever saw. Her arms and shoulders were so sore to the touch; very red, swollen and extremely painful. Her hands were so stiff she could not close her fist and she carried one arm in a sling because of the rheumatism. She could not keep house so had my wife (who is her daughter) and I came live with her, so my wife could attend to things. She had tried many remedies for this rheumatism, but it was like drinking so much water for all the good it did. 'One day she read about Dremo, bought three bottles and has taken them and it is wonderful to see the change Dremo has brought about. She has had more relief than from everything else put together. 'That proved enough to me and now I am going to take Dremo and get over my pains also. Dremo will do it, I believe. 'Dremo is made from roots and herbs which flush the poisons from the blood in a natural manner. That's why Dremo is so successful in banishing rheumatism; that's why results are lasting. 'Dremo is now sold by all progressive druggists throughout the country and highly recommended in Newark by Evans' Cut-Rate Drug Store.

RECEIVER'S SALE.

Pursuant to an order of the common pleas court of Licking county, Ohio, to be issued in case No. 14455, Paul O. Reymann vs. The Jewett Car company, et al; the undersigned will offer for sale, at public auction at the south door (rotunda) of the court house in Newark, Ohio, on Monday, the 22nd day of December, 1919, at 10 o'clock a.m., the following real estate and personal property, known as The Jewett Car company, plant: Situated in the county of Licking, state of Ohio and city of Newark, and being all of the premises bounded on the north by the south line of Cambria street; on the east by the west line of Williams street; on the south by the north line of the right of way of, and belonging to, the E. C. & L. Ry. Co., and the Baltimore & Ohio railroad company; on the west by the east line of DeCrown avenue and east line of a strip of land seven feet by one hundred and fifty feet sold by the Jewett Car company to C. E. DeCrown, by deed recorded in Vol. 176, page 493, Licking county, Ohio, deed records. All of which property is more particularly described in the records of said case No. 14455.

Also including in and as a part of the sale of said real estate and plant, all of the buildings, boilers, engines, generators, motors, machinery, apparatus, appliances and tools, constituting the plant of The Jewett Car company, located on and embracing the above described real estate, a full list of which is specifically set out and described in the entry of the decree in the above action, and which is here referred to.

The right is reserved to said receiver, or his assigns to remove any or all personal property from said premises within thirty days after the delivery of a deed for said premises. Under order of the court, no bid for less than ninety thousand dollars for said property will be received. Terms of sale: Cash.

WILLIAM C. MILLER, Receiver of The Jewett Car company, City & County of Newark, Ohio, 12-12-1919.

EXCELLENCE PROVED BY ALL THESE YEARS

Duffee's Cough Syrup is a scientific remedy for the colds of children and adults, proved by thirty-five years experience to be unequalled. It is used in thousands of homes as the first symptom of a cold, and rarely fails to bring relief. In combination with Duffee's Fifty-Fifty Tonic Laxative, it will break up the most severe cold and relieve the most annoying coughing. So family medicine should be without this sovereign remedy to weather like this. It's protection against the weakness that invites more serious illness. Your druggist or your grocer can supply you with a 25c or 50c bottle. Take one home with you today.—Adv.

WANTED—RED-BLOODED MEN!

Happy and Successful People Everywhere Are Always in Great Demand

Best Friends—Red-Blooded

Pepo-Mangan Produces Better Blood

Sold in Liquid and Tablet Form.

Get into the red-blooded class if you are not there now. Take a few weeks' course of that splendid tonic—Pepo-Mangan and note how you improve in health and looks. Pepo-Mangan is a red-blood maker and is for sale at the drug store right near your home. It is put up in both liquid and tablet form. Take which you choose; but see that the name "Gude" is on the package. Without "Gude" it is not Pepo-Mangan. It is the cry everywhere—Wanted—Red-Blooded Men! The soldiers and sailors that won the war were red-blooded, iron-fisted fellows. In business it is the red-blooded man that stands the strain and wins the big successes. The world has no place for the thin-blooded, weakling. It is natural, then, that red-blooded men and women should have more friends, and they do. They are better human beings than the thin-blooded anemics, who are likely to be "grouchy" and irritable most of the time.—Adv.

TO RELIEVE CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch is plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them, and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows: Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any and all secretions in the middle ear and the results it sees are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling hissing sounds in their ears, should give this recipe a trial.

DRUGGISTS AND DOCTORS ASTONISHED AT WONDERFUL POWER OF NICOTOL TO STOP THE USE OF TOBACCO TO DETECT HARMFUL EFFECTS OF TOBACCO TRY THESE SIMPLE TESTS

New York.—Mr. Tobacco User, any druggist will tell you that a remedy to be successfully sold must, above everything, possess merit, otherwise failure is inevitable. Nicotol, the famous remedy for the tobacco habit, was a success right from the start, simply because it quickly does the work promised. We publish a few letters from some of the best stores in Washington, D. C. They write: "Since we have handled Nicotol the sale has been greater than that of all the rest of the articles of this nature which we have ever sold. The demand was so great that we were compelled to order it locally pending receipt of a shipment from your direct." Schramm-Johnson, who have six stores in Salt Lake City, say: "We take this opportunity of expressing ourselves relative to Nicotol. We have enjoyed a very large sale on same and it has given entire satisfaction to our customers." Jacob Brothers of Philadelphia, Pa. have this to say: "Our sales of Nicotol have passed our expectations. Our first order was placed late in March and we were forced to reorder before the end of April; the sales have kept up well ever since. There is no doubt that we are receiving many repeat orders from our customers and

many expressions of opinion regarding the merit of this article have been very favorable." Dr. Conner, formerly of Johns Hopkins Hospital, tells how to detect the harmful effects of tobacco. Here is what he says: "Many men who smoke, chew, or sniff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been affected had it not been for the use of tobacco to excess, and thousands would soon get well if they would stop. The chief habit forming principle of tobacco is nicotine, a deadly poison which when absorbed by the system, slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies, depending on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, and you must suffer from heart disease, bronchitis, tuberculosis, hardening of the arteries, blindness or even cancer or the common affliction known as tobacco heart. If you use tobacco to excess in any form you can easily detect the harmful effects, by making the following simple tests: Read aloud one full page from a book. If in the course of reading your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh, and it may be the beginning of more serious trouble. Next, in the

morning before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or sniff to quiet your nerves, you are a slave to the tobacco habit, and are positively ruining your system with the deadly drug, nicotine. In either case you have just two alternatives—Keep on with the self poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula: Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco—the craving will have left you. With the nicotine poison out of your system, your general health will quickly improve."

Note—When asked about Nicotol tablets one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit, away ahead of anything we have ever sold; before we are authorized by the manufacturer to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including T. J. Evans.

CUBS SIGN BEWHISKERED PITCHER, RAISE QUERY, "WHY ARE BEARDS TABOO IN SPORT?"

The recent signing of Brother P. L. Mooney, a member of the "House of David," for a tryout with the Chicago Cub pitching staff next season, has caused considerable guffawing among fans and paragraph writers. This for the simple reason that Brother Mooney wears a full beard and long hair, which, according to the tenets of his religious order, he must retain. Why the idea has sprung up that the athletic field is

no place for whiskers isn't known. It's a fallacy, though. Baseball players who laid the foundation for the game, wore beards. Last summer in Scotland at the Brammar gathering, Sandy MacIntosh, a sixty-nine-year-old athlete, with gray whiskers, surprised the field by the way in which he hurled a fifty-six pound hammer. The agility and strength of the Indian warriors in athletic meets surprised

the soldiers of other nations. The Indians wore long beards and tied their long hair on top of their heads.

PIANIST DELIGHTS LARGE AUDIENCE

Music Lovers Show Appreciation of Splendid Work of Artist—Newark People Are In Audience.

(Special to the Advocate.)
Granville, Dec. 12.—This large audience assembled in the Baptist church auditorium Thursday evening for the second concert on the music course, accorded to Harold Henry, pianist, the tribute of appreciation due to so notable a performance. From the first number to the last the player commanded his audience, and at moments the silence was so tense that one might have heard the proverbial pin drop. There were no merely "light and catchy" numbers, the most sprightly of them being a composition by Mr. Henry entitled "The Dancing Mariottes," with its syncopated rhythm beautifully suggestive and wonderfully played, the artist entirely captivated the audience already under the spell of the more thoughtful and serious works, and he graciously responded to the storm of applause by repeating it. The Caesar Franck chorale and fugue was so intensely applauded that the player responded with "Scottish Dances" by Beethoven; the Chopin group, received an encore, "The Prelude in A-flat," and the Moszkowski, "Caprice Espagnol," which closed the program brought down the house and the delighted audience remained seated until Mr. Henry had responded with an encore. There were many students of music in the audience, many teachers and many critics, as well as hundreds of music lovers, and the consensus of opinion was that never has a Granville audience been priver to listen to more satisfying performance. A dozen Newark people heard the concert.

Mrs. Harry Burkhart went to Columbus Thursday for a visit of several days with her sister.
Mrs. Edward M. Jones, who has been on the sick list for the past month, has recovered her usual health.
Mrs. Jones of Washington C. H. is visiting her sister, Miss Mollie Jones, at "Monomoy Place," Broadway.
Mrs. Theodore Johnson entertained at luncheon Thursday at her home in West Elm street in observance of the birth anniversary of Miss Mary O. Brooks, who for many years was a teacher in Shepardson college, or as it was then called—the Young Ladies' Institute. At an artistically decorated table covers were laid for the guest of honor, Dr. and Mrs. C. J. Rose, Mrs. Esmaah S. Orent, Mrs. H. H. Bayden, Mrs. S. W. Hambien, Prof. and Mrs. Johnson.

Prof. August Odebrecht will leave this evening for Columbus where he will spend the week-end with his mother.
Mrs. James A. Huston entertained at her home on the Columbus road Thursday from 1:30 until 5:30, honoring the members of the Winter Picnic club, with a "Who's Who" party. Fifty prominent personages were identified by means of pictures, the first prize, "The Recreation of Brian Kent" by Churchill, going to Mrs. E. H. Hammond; the second, a novel by Kate Douglass Wiggin, to Mrs. J. D. Thompson. Light refreshments were served during the afternoon, the hostess being assisted by her sister, Mrs. T. B. Jones and her niece Mrs. Wilkin Jones.

Miss Florence King of Newark was a dinner guest Thursday evening of Miss Clara Wright, remaining for the Harold Henry concert.
Mrs. J. S. Jones has been in Chicago since Wednesday on a business and shopping visit.
John Thomas has been laid up for a few days with an attack of lumbago.

Some Superstitions.
The breaking of a looking glass is, with some people, the occasion of a gloomy foreboding, and the unlucky person who does it is supposed to be doomed to seven years of bad luck. Peacock feathers, were formerly considered as bearers of sickness, yet fashion has introduced them into house decorations.

Birth of Shorthand.
Modern shorthand had its birth in the publication of Dr. Timothy Bright's "characterie" in 1577, the first English work on shorthand. Various systems of shorthand were published from that time on, all based on the a b c method, and some of them became quite popular, but with the publication of Isaac Pitman's "phonography," based on sound, all the others fell into disuse. Pitman had a number of predecessors whose systems, like his own, were strictly phonetic. These systems never gained any footing, while his immediately became popular, and has since been used by a large majority of shorthand writers of English.

"Let's be off or we'll miss the first act. It takes so long to dine at Martine's," suggested Fairchild.

His Skill Produces Variations That Nature Would Require Thousands of Years to Accomplish.

With a watch glass and a fine camel-hair brush the plant inventor performs miracles. He causes more changes in six generations than nature, unaided, would produce in 100,000 years. Two plants may be growing in his garden, native of countries separated by continents. Their structures, habits, hereditary tendencies and identities have been preserved through thousands of years. The plant inventor takes the pollen from one, transfers it to his watch glass, carries it to the other, and from the glass transforms it to the bloom. The resultant seed is sown. The new plants may resemble one plant or the other, or they may be like neither, or they may be the veriest monstrosities. There are thousands of disappointments for one success in the work.

Luther Burbank chose one seedling out of 35,000 when he invented the prinusberry. The rest were remorselessly destroyed. The new prinusberry is a cross between the raspberry and the blackberry, but has a fruit much larger and finer than either. Mr. Burbank has produced 300,000 varieties of plums, 60,000 peaches and nectarines, 500 almonds, 5,000 walnuts, 3,000 apples, 2,000 grapes, 2,000 pears and thousands of different kinds of berries, flowers and vegetables in equal profusion.

WEALTH IN BAMBOO GROVES

Their Cultivation in the Southern States Is Expected Soon to Be a Recognized Procedure.

One thinks more readily of an American farm with a wood lot than of one with a bamboo grove, but bamboo groves may yet become common in the southern states, if the idea of "instruct the farmer" in the desirability of planting them makes reasonable progress. It will be a new idea to the farmer, and he will have to think it over. Meantime the country has one important bamboo grove flourishing in the state of Georgia, where it stands in the custody of the United States department of agriculture, to serve as an object lesson. The young bamboo shoots provide an early spring vegetable, said to have a flavor much like that of sweet corn, and the stalks have a wide range of uses which should make a bamboo grove profitable. It is worth the farmer's consideration, for example, that millions of small canes are yearly imported from Japan, and fishing rods made out of them, for which the United States pays annually about \$5,000,000.

Hard to Account for Figures.

Statistics have recently been published in Germany which are so striking that the Medical Record's Geneva (Switzerland) correspondent says they "need confirmation." It is stated that for every 1,000 boys born in the later years of the war, 1,086 girls have been born. Before the war the ratio was 1,000 boys to 1,024 girls. "Nothing," writes the correspondent, "is known with certainty as to the conditions that determine sex in the human species, but there is quite a large amount of evidence in support of the generalization that during wars and famines, when the conditions are generally adverse, especially with regard to nutrition, the proportion of male relative to female births increases. If there is any foundation for this generalization, then we must conclude either that the figures are wrong or that Germany was mightily well nourished during the war, or else that some entirely aberrant influence was at work."

Koran Brought Up to Date.

It is not surprising that most of the Arab population should be illiterate since the language used in writing and printing is literary Arabic, the very same in which the Koran was composed 12 centuries ago. It has been preserved intact, while the spoken tongue has gradually changed, as spoken tongues will. Literary Arabic today is about as much like the ancient language as Latin is like French. Ninety per cent of the people do not understand the language in which the books are written.

An interesting experiment has been begun by Rev. Percy Smith, a missionary in North Africa, who is translating the Bible and the hymns of the church into the ordinary speech of the people, instead of in literary Arabic.—Christian Herald.

New Power Is Wanted.

In the field of research in connection with automobile underwater torpedoes, there needs to be developed a new source of power, said Rear Admiral Ralph Earle, U. S. N., chief of the bureau of ordnance, at a recent meeting of the American Chemical society. The present source is compressed air and the new source must be of greater potential per unit volume and weight and be nearly as safe to handle and store on board ship. Oxygen has been proposed but is too dangerous to handle.

Quite Henglish, This. "Hout!" cried the umpire as the wicket keeper made a catch. "Look 'ere," protested the batsman. "It wasn't off my bat, it was off my 'ead." "Oh!" said the umpire. "My mistake. I heard the ball 'it wood and I supposed it was off the bat."—Boston Evening Transcript.

WHERE ESKIMO IS SUPERIOR

Home Life Declared by Stefansson to Be Practically Ideal—Hospitality in the Extremes.

Vilhjalmur Stefansson, in writing of his 13 months' stay among the Eskimos, tells of their great kindness to a guest who could not pay for his keep, says Harper's, a stranger whose purpose among them they did not know, thus:

"In an Eskimo home I have never heard an unpleasant word between a man and his wife, never seen a child punished nor an old person treated inconsiderately. The household affairs are carried on in an orderly way and the good behavior of the children is remarked by practically every traveler.

"In many things we are the superiors of the Eskimo and in a few we are his inferiors. The moral value of some of his superiority is small. He can make better garments against cold than our tailors and furriers; he can thrive in barren wastes where a New Englander would starve.

"But of some of his superiority the moral value is great. He has developed individual quality further than we, he is less selfish, more helpful to his fellows, kinder to his wife, gentler to his child, more reticent about the faults of his neighbor than any but the rarest and best of our race.

"When I tried to express thanks for their kindness in my fragmentary Eskimo, they were more surprised than pleased.

"Do, then, to the white man's land, some starve and shiver while others eat, much and are warmly clad?"

"To that question I said 'No,' although I knew I was lying. I was afraid the competitive system could not be explained to them satisfactorily; neither was I, being the poorest among them, very anxious to try justifying it."

OLDEST OF FRENCH JOURNALS

Gazette de France Was First Published 238 Years Ago, and Is Still in Existence.

The first number of the Gazette de France, the oldest newspaper in France, was published 238 years ago, May 30, 1631, under the editorial direction of Doctor Renaudot. This most powerful of the early journalists of France was born in 1584 and, after graduating in medicine, established himself in Paris about 1612. Richelieu and Pierre d'Hozier, the genealogist, are said to have inspired Renaudot in establishing the Gazette, which was published weekly and consisted of two small sheets, the first bearing the title of Gazette and the second Nouvelles Ordinaires de Divers Endroits. Doctor Renaudot established the precedent, long followed in European journalism and by no means extinct, of presenting foreign news first and relegating domestic and local news to the last page. Soon after the establishment of the Gazette Doctor Renaudot was granted an exclusive monopoly of printing and selling newspapers in France. When the founder died in 1653 the Gazette passed to his sons. The title of Gazette de France was first used in the middle of the eighteenth century. It has been published under that title ever since, with the exception of a brief period during the revolution of 1848, when the name was temporarily changed to Le Peuple Français.

Improved Rivet Cutter.

A pneumatic rivet cutter for use in structural steel work and in repair shops consists of a long barrel, with compressed air connection at one end and a chisel at the other, the stem of the chisel being held by a coiled spring, which draws it back after each stroke. A plunger travels freely in the barrel or tube, and a small bypass pipe connects the ends of this tube. Two men are employed, the one at the rear operating the valve and the one at the front keeping the chisel against the rivet head. The force of the blow can be regulated by the valve. Air pressure of 30 to 90 pounds may be used, the higher pressure being the more effective. A punch can be inserted in place of the chisel for backing out the rivets. In the larger size the stroke is 40 inches, and the weight of the machine complete is only 65 pounds. A smaller size will cut rivets up to three-eighths of an inch in diameter.

When Bitten by a Mad Dog.

When bitten by an animal that is suspected as mad, the best thing to do, according to Drs. J. C. Regan and A. Silkman of New York, who describe a recent case in Archives of Diagnosis, is to squeeze the wound to encourage bleeding, wash it with a solution of mercuric chloride (1 in 1,000), cauterize it with fuming nitric acid, and apply a wet dressing of the mercuric chloride solution.

The wound should never be sewn up; if a deep punctured wound, it should be cut open with a scalpel.

The sooner this treatment is applied the more likely it is to be successful. Afterward the routine Pasteur treatment should be taken.

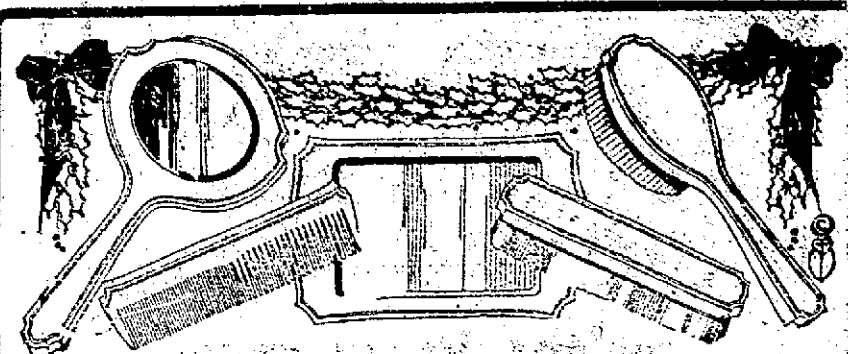

In the Future.

Recently several airplanes were flying over the Circle, and the usual crowd had stopped to watch them. An old woman in the crowd began counting, "One, two, three, four, five," she counted. "Five of those things."

Then she turned to the man nearest her. "Did you ever see the like?" she asked. "Five of those things. Why, every soon the atmosphere will be so long with them." Indianapolis News.

MAN AND WIFE BOTH BENEFITED BY NERV-WORTH

Mr. and Mrs. Fannin Had Happy Experiences With This Famous Family Tonic and Are Thankful

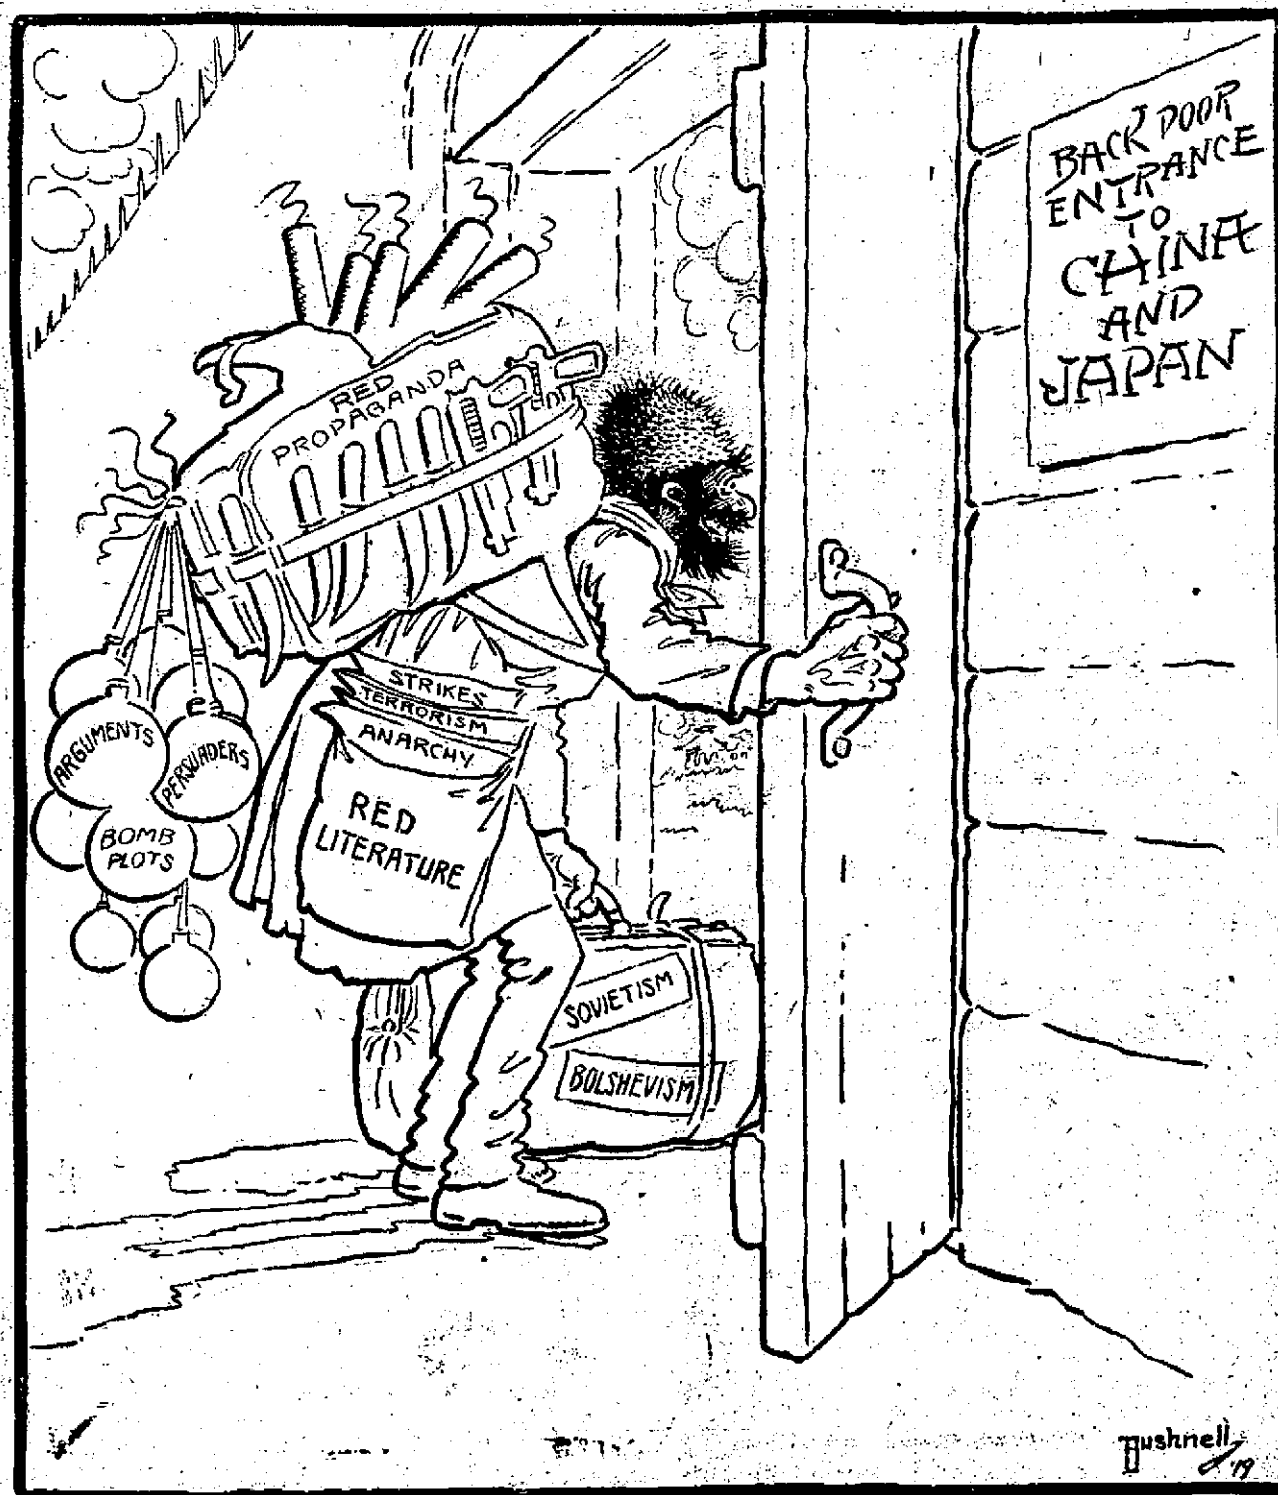

The best evidence of this is found in the fact that Mrs. Fannin endorsed Nerv-Worth and consented to publication so that friends and neighbors could profit also.

"I saw Nerv-Worth advertised in the Portsmouth Times and decided to try it. Three years ago I had an operation that left me in a very nervous condition. I have been taking Nerv-Worth for about two years and have found it to be one of the best tonics I have ever used for the nerves and stomach. My husband also used Nerv-Worth and found great relief. We both can truly recommend Nerv-Worth."

"GREEN FIELDS AND PASTURES NEW" THE "RED" PEDDLER AT THE DOOR OF THE ORIENT

LEGAL NOTICE.
State of Ohio, Licking county, Court of Common Pleas.

Anson A. Davis, Plaintiff

vs.
Lillian Mae Davis, Defendant.

The defendant, whose place of residence is unknown, will take notice that the plaintiff has filed his petition in the Common Pleas Court of Licking county, Ohio, praying for a divorce from the defendant, on the grounds of adultery and gross neglect of duty. Said petition will be for hearing after six weeks from the 14th day of November, 1913.

B. G. SMYTHE,
11-14 First. Atty. for Plff.

have petitioned the County Commissioners of Licking County, Ohio, for the Change of Location of a road commencing at a point on public road No. 240 in Perry Township, midway between J. E. Nethers' entrance to his house and his sheep barn, thence north 35 rods, thence west 55 rods to the line fence between J. E. Nethers and Mary Boyer, thence west through Mary Boyer's land to the public road, the same being a distance of about 50 rods. The road coming into the public road about 8 rods north of Mary Boyer's barn.

The said County Commissioners will on the 22 day of December 1913, at 10 o'clock A.M. meet at the commencing point of said proposed improvement to view and go over the same for the

purpose of determining its public importance.

They will also meet on the 31 day of December 1913, at 1 o'clock P.M. for final hearing at the office of said County Commissioners, for all persons whose interests would be affected by said improvement, and for granting or refusing the improvement.

DESERTS VILLA ARMY IS ARRESTED HERE
Otis Smith was fined \$5 and the costs in police court today for disposing of a rain coat belonging to Wm. Dinger, desk clerk at the Arcade Hotel.
A Mexican named Manuel Porraz was picked up by Patrolman Williams this morning at 2 o'clock in the public square. He claims to be a deserter from the Villa army, and looks the part. He was fined \$5 and ordered to pay a charge of prowling and in lieu of the necessary finances was sent over to the county jail.
There has been but few cases of intoxicants and this is accounted for by the fact that liquor has advanced in price until it is almost prohibitive for the regulars. One of them states that they have taken the kick out of the extracts and hard cider is a rarity and only obtainable once in a great while.

SALE OF STATE LAND.
The Superintendent of the Public Works of the State of Ohio, acting for and on behalf of said State, in accordance with the provisions of Section 14203-23, of the Revised Statutes, passed May 8, 1919, and likewise in accordance with the provision of Section 13971 of the General Code, will offer for sale at public vendue at the door of the Court House in the City of Newark, Licking County, Ohio, at 12 o'clock noon, on the 13th day of January, 1920, the following described real estate, situated in the City of Newark, Licking County, Ohio: Being so much of said abandoned canal property as lies south-east of a line produced through the angle point at Station 12835.2 of the W. O. Sanzenbacher transit line of his survey, of the abandoned Ohio Canal through the City of Newark, made under the direction of the State Board of Public Works in the summer of 1912, and the center line of the upper quin post on the northwesterly side of Lock No. 8 of said Ohio Canal, numbering north from the Licking summit Level of said canal, and also line between the westerly line of Eleventh Street in said city, and the westerly line, produced, of a two story brick shoe factory owned by The Midland Shoe Company, of Newark, Ohio, facing on Jefferson and Eleventh Streets, and containing 12408 square feet, more or less.

For a more definite description of the land herein described, reference is hereby made to a plat of W. O. Sanzenbacher's survey of said abandoned canal property, on file in the Department of Public Works, at Columbus, Ohio.
It has been determined that said land is not necessary or required for the use, maintenance or operation of any of the canals of the State of Ohio, and said lands have been appraised at the sum of \$1985.00, and no bid for less than three-fourths of said appraisement will be considered; terms cash on day of sale. The State reserves the right to reject any and all bids.
JOHN I. MILLER, Superintendent Public Works of Ohio. 12-12-1t

SALE OF STATE LAND.
The Superintendent of Public Works of the State of Ohio, acting for and on behalf of said State, in accordance with the provisions of Section 4 of an Act entitled "An Act to abandon the North fork feeder of the Ohio Canal, in the city of Newark, Licking County, Ohio, and to provide for the leasing and selling of the land included therein, and likewise in accordance with the provisions of Section 13971 of the General Code, will offer for sale at public vendue at the door of the Court House in the city of Newark, Licking County, Ohio, at 12 o'clock noon, on the 13th day of January, 1920, the following described real estate, situated in the City of Newark, Licking County, Ohio: Being that portion of the old abandoned north fork feeder of the Ohio Canal, in the city of Newark, Licking County, Ohio, that lies between the north line of Church Street, in said city, and the south line of the first alley north of said street and parallel thereto.
For a more definite description of the property herein described, reference is hereby made to a plat of the survey of said feeder made by W. C. Row, under the direction of the Ohio Canal Commission in 1890.
It has been determined that said land is not necessary or required for the use, maintenance or operation of any of the canals of the State of Ohio, and said lands have been appraised at the sum of \$2053.23, and no bid for less than three-fourths of said appraisement will be considered; terms cash on day of sale. The State reserves the right to reject any and all bids.

EVERY DEPARTMENT IS FILLED WITH PRACTICAL GIFTS FOR CHRISTMAS

NEED WE REMIND YOU TO COME EARLY SATURDAY? COME IN THE MORNING, IF POSSIBLE.

SATURDAY afternoon and evening the crowds will be out—why don't you come in the morning, when you can have the benefit of stocks in good condition and the clerks will be able to give you more time?

A HANDSOME BAG

Adds the finishing touch to every costume. It may be leather, silk, fancy velvet or suede. And so many handsome styles to select from. New pouch effects, odd shape tops, handsome silk linings and tassel trimmings. Or it may be a strap purse you have been thinking of. These come in various sizes in black and colors.

HANDKERCHIEFS PLEASE EVERYBODY

When in doubt, give handkerchiefs. They are always acceptable, and one never has too many. Then there's such an immense assortment to select from. Sheer tissues with fancy borders, fine linens with dainty designs, silk stripes in white and fancy colors. Prices, 10c, 15c, 19c, 25c, up to \$1.00 each.

THE CHRISTMAS GLOVES

Will be more than ever appreciated this year, because gloves in black or white, or some pretty color to match one's coat or suit, will be a prized gift.

Allow us to suggest that you purchase gloves at once. Soon the sizes and colors will be picked over.

JEWELRY—THE GIFT OF GREAT DESIRE

Not necessarily a rare and precious stone, but it is sure that some one has longed for a certain bit of gold or silver. You will find many such articles in our jewelry department—hair ornaments, fancy pins, back combs, fancy necklaces, brooches, pin sets, rings, bar pins, cuff links, stick pins.

WHITE IVORY GIFTS ARE USEFUL—PERSONAL—APPROPRIATE

They enter into the intimate life of every woman and are personally used every day. If you want the memory of your gift to linger—Give Ivory Gifts. Hair brushes, hat brushes, trays, mirrors, powder boxes, hair receivers, manicure articles of all kinds. Prices, 29c to \$10.00.

A PAIR OF SILK HOSE IN A CHRISTMAS BOX

This is a gift that will please any woman. It may be black, white or some pretty shade to match shoes or gown—field mouse, medium grey, suede, navy, cordovan, African brown. Prices \$1.50 to \$2.55 Pair.

PERFECTLY WONDERFUL SILK LINGERIE

Camisoles, Combinations, Gowns, Billy Burke Pajamas

Beautifully made of wash satins, crepe-de-chines or Georgette crepe, combined with lace and ribbons. Others are embroidered in dainty designs.

A HANDSOME SILK KIMONO OR QUILTED LOUNGING ROBE

For a woman who appreciates dainty things for her boudoir. These handsome quilted robes come in shades of rose, opal, lavender and black.

Real Japanese silk kimonos are embroidered in Japanese dragons, birds, flowers, etc. Prices \$15.00 to \$35.00.

OR IT MAY BE A WOOL BATH ROBE

These warm blanket bath robes are shown in assorted colors, in light and dark grounds. Prices \$3.50 to \$8.65.

A CEDAR CHEST

Always a prized possession, and a gift that will last not only a lifetime, but also a treasure for future generations. Beautiful styles in assorted sizes.

CHANGE IN PRIMARY LAW IS ADVOCATED

Columbus, Dec. 12.—Two bills affecting the candidacy of United States Senator Warren G. Harding for president or senator in the coming primaries were introduced in the Ohio senate yesterday. One bill by Senator Hopley of Bucyrus is designed to make legally possible for him to be a candidate for the presidential nomination and renomination for senator in case he does not receive the presidential nomination. The other bill by Senator Miller of Muskingum, to do away with the August primaries in presidential years would be against Harding.

Under the present primary law Harding would be compelled to file his declaration of candidacy for renomination as senator 60 days before the primaries August 12. Senator Hopley's bill proposes a new emergency amendment making the time for filing declarations 45 days before the primaries which would be after the Republican national convention in Chicago, June 5.

This would save Senator Harding the embarrassment of having to declare his candidacy for senator before the national convention.

Senator Miller's bill would combine the August primary with the primaries in April when delegates to the state convention are to be elected. His purpose in introducing the bill, he says, is to save \$250,000 expense in holding two primaries. This would be doubly embarrassing to Harding, as it would not only require him to file his declaration but to actually seek renomination before the Republican convention.

LICKING COUNTY WOMAN REMEMBERS RELATIVES HERE

New York, Dec. 12.—The will of Miss Ida M. McCann, who was a sister of Robert P. McCann of No. 239 North Tenth street, Newark, on file for probate here today in the Surrogate's court, directs her estate of over \$10,000 in personal property, after all debts are paid, to be distributed as follows:

Eleanor Voris of No. 490 East 130th street, a set of dinner coffee spoons. Elizabeth McCann of No. 20 G street, Ardmore, Okla., and Ermine L. Gardner of St. Louisville, O., nieces, equally, all of the jewelry, solid silver, plated and glassware.

All household effects and all books to her sister and three brothers, Mrs. William H. Gardner of St. Louisville, O., Charles L. McCann of Ardmore, Okla., Lewis S. McCann of Black Run, O., and Robert P. McCann.

The rest of the estate, wherever situated, is bequeathed to the niece, Ermine L. Gardner.

Miss McCann inherited some property under the will of Miss Emma J. E. Voris, and this property she returns to the natural heirs of Emma J. Voris. No date has been set by Surrogate John P. Cochran for the proving of the document, which was executed on October 17, 1916. Robert P. and Lewis S. McCann, the brothers, and Louis A. Solomon, the lawyer, are named executors. The size of the estate will not be known until it is appraised for inheritance taxation by an order of the court.

Miss McCann, who lived here at No. 340 West 51st street, died on October 23d last. Her mother, sister and nieces are her only surviving heirs at law. Miss McCann was a professional nurse.

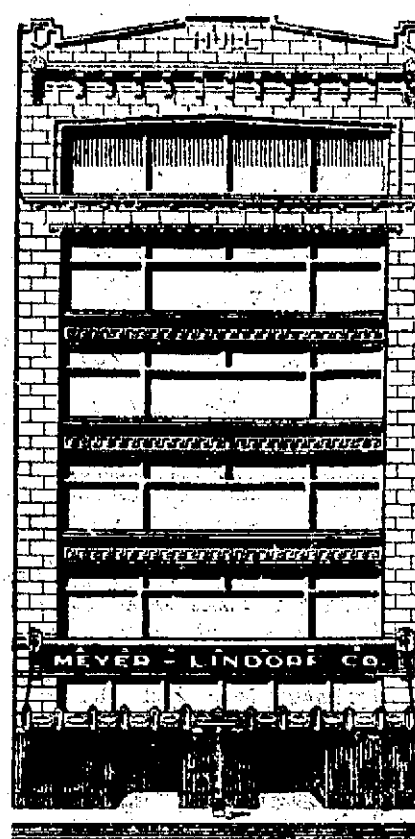

FALLS 30 FEET BUT

ESCAPES SERIOUS HURTS

Catching hold of a piece of frame work when a scaffolding broke, a man named Swigart escaped injury while Frank Kiely fell to the ground a distance of 30 feet and was painfully injured. Kiely and Swigart, employed at the Phoenix Iron company at Hight, were standing on the scaffold doing riveting on a tank Thursday afternoon about 3:30, when the frame work gave away. Bradley's ambulance made a hurry run and Kiely was brought to the City Hospital where Dr. J. P. H. Siedem attended him. His right wrist was sprained, he had a deep gash in his forehead and his ribs which at first were thought to be broken were bruised and he suffered from bruises and scratches all over his body.

Three weeks ago Kiely had his nose broken in the Halsey-McDaniels football game, and Wednesday his sister, Miss Ida Kiely, a nurse, was operated upon at Mt. Carmel Hospital in Columbus for appendicitis. Kiely is a boiler maker and lives at 49 Vine street. He was overseas with headquarters company of the 324th.

WANT LAW TO PERMIT CITY TO BUY LINES

Toledo, Dec. 12.—A bill which would make it possible for municipalities to issue bonds for the purchase of street railways was presented today to the representative of this district for introduction in the state legislature next Monday.

The municipal ownership ordinance, drafted to prevent another withdrawal of the street cars, which last month deprived the city of service for 27 days, provides that if the city takes over the lines the rate of fare must be sufficient not only to pay all operation expenses but also the interest and principal on the bonded debt incurred to buy the lines.
